IMPORTANT

You will receive generic substitutes whenever possible, unless your physician will not allow a generic substitute or you specify otherwise.

By checking this box, I elect to receive brand drugs for all prescriptions in this order. By making this choice, I understand that under my benefit plan, I will be responsible for a higher copayment.

SIMPLE TIPS TO SAFELY REDUCE YOUR DRUG COSTS:

- Eliminate unnecessary drugs (and lower your risk of side effects and drug interactions) by reviewing medications with your primary care physician or pharmacist every six months.
- Talk with your doctor about cost. Let your doctor know cost and effectiveness both matter.
- Ask your doctor if a generic or a lower cost substitute is available for the medication you are currently taking.
- Shop around and compare prices in super-market pharmacies, chain pharmacies, independent pharmacies, and mail order.
- Talk to your doctor about splitting your pills. You could save money if your doctor can prescribe a pill which is twice your dose so you could split it in half. Do not split pills without the permission of your doctor.
- Avoid free samples because they are usually brand name and more expensive in the long run.
- If you are taking a brand medication, manufacturer coupons may be available online.
- Consider asking for smaller quantities of new medications by asking your doctor to write the prescription for a small amount until you know the medication is right for you. This is especially helpful if paying cash or if you have a large copay.
- Ask your pharmacist for guidance. Pharmacists can be helpful in guiding you through suggestions and identifying other options if you are unable to afford your medications.

Sav-Rx Prescription Services

FREQUENTLY ASKED QUESTIONS

1. How much do I pay for my prescriptions?

RETAIL PHARMACY (UP TO 30 DAY SUPPLY)	
Generic	50%
Brand	50%
Brand with Generic	50%

SAV-RX MAIL ORDER (UP TO 90 DAY SUPPLY)	
Generic	50%
Brand	50%
Brand with Generic	50%

**Specialty medications are limited to a 30 day supply

2. Where may I use my Sav-Rx Card?

Retail Pharmacy: The Sav-Rx Retail Pharmacy Network includes over 72,000 pharmacies, as well as 18,000 independent pharmacies nationwide. Most pharmacies in your area are already part of the Sav-Rx Network, including all major pharmacy chain stores. It is important that you present your Sav-Rx ID Card to your pharmacy to access your benefit. To locate a pharmacy near you, please visit www.savrx.com and enter the Group printed on your ID card with your zip code.

Sav-Rx Mail Order Pharmacy: The Sav-Rx Mail Order Pharmacy offers a convenient and cost-effective option for your long-term maintenance and specialty medications. We can reach out to your physician to obtain your mail order prescription, or you may call Sav-Rx with your prescription drug names, as well as your physician contact information and we will take care of the rest. The Sav-Rx Mail Order Pharmacy offers convenient refill options, you may request a refill by phone, online at www.savrx.com, or download the Sav-Rx App from the App Store or Google Play. Automated refills are not available from the Sav-Rx Mail Order Pharmacy, as we want to ensure you are receiving only the prescriptions you need. Your payment is due at the time of your order and all orders are shipped directly to your home or office with no additional shipping charge.

3. Are generics just as safe and effective as brand name medications?

Generic drugs have been approved by the Food and Drug Administration (FDA) as safe and effective. Generic drugs contain the same active ingredients in the same amounts as the brand name product. The generic version works like the brand name drug in dosage, strength, performance and use. Generics may differ in color, shape, size or flavor from the brand product; however, these differences do not effect the performance, safety or effectiveness of the generic drug.

4. What medications are covered?

Most maintenance medications are covered by your Plan. These include, but are not limited to insulin, blood pressure, cholesterol, prescription prenatal vitamins and more. Please refer to your Summary Plan Description for specific coverage rules.

Certain medications are excluded from coverage such as over the counter medications, mental health medications, and those used for fertility or cosmetic purposes.

Please contact Sav-Rx Prescription Services for any questions regarding your medication.
